Are You ADA Compliant?

Why Choosing Majestic Sign Studio is the Answer

We Are Compliant

Under the ADA, all permanent rooms in your public facility must have ADA compliant signs in place.

Working with a sign partner that knows these guidelines reduces your chance of incurring a violation and paying a significant fine or lawsuit.

For example, ADA bathroom signs must include:

- Geometric figures indicating what gender(s) the room is intended for.
- All required verbiage.
- CA Grade II Braille.

"ADA Factory" In-House Production

Turnkey ADA Sign Production – Majestic Sign Studio offers complete, custom ADA signage solutions.

High-End Finishes & Materials – Whether your brand is established or not, we meet your visual and marketing needs.

In-House Experts – Our team collaborates with you on stunning ADA sign systems that meet all legal requirements.

Advanced Proprietary Systems – We can mass produce your signs with consistent speed and quality.
